(c) The corporation and the state board of finance shall jointly administer the fund. The following may be paid from money in the fund:

- (1) Expenses of administering the fund.
- (2) Nonrecurring administrative expenses incurred to carry out the purposes of this chapter.

(d) Earnings from loans made under this chapter shall be deposited in the fund.

Loans for approved programs; amount restriction; limitations

Sec. 10. (a) Two million dollars (\$2,000,000) in the industrial development fund does not revert to the state general fund but constitutes a revolving fund to be used exclusively for the purpose of this chapter. The corporation, subject to the approval of the state board of finance, may order the auditor of state to make an approved loan from the revolving fund to a qualified entity (including the purchase of bonds of the qualified entity), a small business investment company, or a minority enterprise small business investment company.

(b) A qualified entity may borrow funds from the corporation under this chapter and shall use the loan proceeds to institute and administer an approved industrial development program. The combined amount of outstanding loans to any one (1) program may not exceed one million dollars (\$1,000,000). However, the one million dollar (\$1,000,000) restriction in this subsection does not apply to an approved industrial development program in an economic development district established by a qualified entity under IC 6-1.1-39. A loan made under this chapter to an economic development commission is not a loan to or an obligation of the qualified entity that formed the commission, if the repayment of the loan is limited to a specified revenue source under section 15 of this chapter.

(c) A small business investment company or a minority enterprise small business investment company may use the loan proceeds for any lawful purpose.

(d) Notwithstanding any other law (including IC 5-1-11), the loan to a qualified entity under this section may be directly negotiated with the corporation without public sale of bonds or other evidences of indebtedness of the qualified entity.

 - (C) The amount of money needed.
 - (D) Other information that is requested by the state board of finance and the corporation.

- (3) The loan does not exceed one hundred percent (100%) of the cost to the qualified entity of an approved program, with the cost of the program to be based on an estimate made by a competent engineering authority and approved by the corporation.
- (4) The qualified entity has agreed to furnish assurance, satisfactory to the state board of finance and the corporation, that the qualified entity will operate and maintain the program, after completion, in a satisfactory manner.

(b) The state board of finance and the corporation shall authorize a loan to a small business investment company or minority enterprise small business investment company under this chapter only if:

- (1) the small business investment company or minority enterprise small business investment company has loaned to or invested in a business located in an enterprise zone for a purpose directly related to the enterprise zone an amount that is at least twice the amount of the requested loan; and
- (2) the small business investment company or minority enterprise small business investment company has submitted an application, before the beginning of the phase out period of the enterprise zone, to the state board of finance and the corporation that shows the amount of the loan requested and other information that is requested by the state board of finance and the corporation.

Sec. 13. (a) The qualified entity may provide labor, equipment, and materials from any source at its disposal for such a program, and participation in accomplishment of the project or projects may be:

- (1) evaluated by the state board of finance and the corporation; and
- (2) computed as a part or all of the share of cost that the

qualified entity is required to pay toward the total cost of the project or projects for which the loan is obtained.

(b) When participation as described in this section is authorized, the participation must be under direction of the governing body, and when cash amounts are included in the qualified entity's share of total cost, the cost amounts shall be provided in the usual and accepted manner for the financing of the affairs of the qualified entity. Costs of engineering and legal services to the borrower may be regarded as a part of the total cost of the project.

IC 5-28-9-14

Priority rating of applicant for loan

Sec. 14. (a) The state board of finance and the corporation shall determine and ascribe to an applicant for a loan a priority rating. The rating must be based primarily on the need of the qualified entity for a proposed program or on the need of the small business investment company or minority enterprise small business investment company for the loan as the need is related to the needs of other applicants for loans.

(b) The qualified entities, small business investment companies, or minority enterprise small business investment companies with the highest priority rating shall be given first consideration when loans are made under this chapter. The loans shall be made in descending order as shown by the priority ratings.

IC 5-28-9-15

Loans; restrictions; ordinance requirement

Sec. 15. (a) A loan made under this chapter is subject to the following restrictions:

- (1) The repayment period may not exceed fifteen (15) years.
- (2) The interest rate is to be set by the state board of finance at the time the loan is approved.
- (3) Interest reverts to the industrial development fund established by this chapter.
- (4) The loan must be repaid in installments, including interest on the unpaid balance, according to a repayment schedule approved by the state board of finance for that loan. However, on the approval of the state board of finance, the repayment of principal may be deferred for a period not to exceed two (2) years.
- (5) Subject to subsection (b), the repayment of the loan may be limited to a specified revenue source of the qualified entity and, if limited, is not a general obligation of the unit and is payable solely from the specified revenue source.
- (6) If the qualified entity levies a tax to repay the loan, the first installment of the loan is due from funds received from the first levy.
- (7) If prepayment of the loan is made, a penalty may not be

charged.

(b) A qualified entity may borrow money under this chapter only under an ordinance adopted under IC 36-1-3-6 as follows:

(1) If the qualified entity is a city, town, or county, by the qualified entity.

(2) If the qualified entity is an economic development commission, by the city, town, or county that established the economic development commission.

(3) If the qualified entity is a special taxing district established by the city, town, or county, by the city, town, or county that established the special taxing district.

(4) If the qualified entity is a special taxing district that was not established by a city, town, or county, by the county in which the special taxing district is located.

If repayment of the loan is to be from a specified revenue source under subsection (a)(5), the ordinance must state the revenue source and must state that the qualified entity is not obligated to pay the principal or interest on the loan except from the specified revenue source. An ordinance may not provide for repayment from a specified revenue source if the repayment would impair the qualified entity's contract with an owner of outstanding obligations payable from the specified revenue source.

(c) Notwithstanding any other law, the qualified entity may enter into loans under this chapter without obtaining the approval of any other body.

Sec. 16. A qualified entity receiving a loan under this chapter may levy an annual tax on personal and real property located within the qualified entity's geographical limits for industrial development purposes, in addition to any other tax authorized by statute to be levied for such purposes, at a rate that will produce sufficient revenue to pay the annual installment and interest on a loan made under this chapter. The tax may be in addition to the maximum annual rates prescribed by IC 6-1.1-18, IC 6-1.1-18.5, IC 6-1.1-19, and other statutes.

As added by P.L.4-2005, SEC.34.

(1) withheld by the auditor of state, as set forth in the loan agreement with the qualified entity, from any money payable to the qualified entity and transferred to the fund; or
